Hi all -- Re-sending this document (per conversation with some of you today). The hope is for us to share our (APHIS, EPA, and FDA) staff-level review of the NASEM recommendations with the interagency at the BWG t-con on Jan 30th.

Please review this latest version and send:

-any further edits; and

-thoughts on whether we should share this document with interagency BWG or simply speak from it at the 30th BWG t-con.

Thanks,
Ritu

Hi Ritu,

Just getting on line from a night at FEMA, let's hope sleep deprivation is not typing here, I think that would be a good idea. I should be back on my regular +1 schedule next week which is far more manageable. We'll certainly wait until Elizabeth and others have more bite at the apple. Others thoughts?
